Service	Proposed Budget
E-learning Website Development [Frontend Technology: Next JS/React, Backend Technology: Node JS]	450,000 BDT
E-learning Website Development [Frontend Technology: Vue JS, Backend Technology: Laravel]	300,000 BDT

Estimated Timeline:

- **Design and Blueprint:** 15 Working Days
- **Development Phase:** 35 Working Days
- **Testing and QA Phase:** 10 Working Days
- **Deployment Phase:** 7 Working Days

Payment Structure For Website Development:

Modularised into 3 modules

- **Advance Payment:** 40% of the total budget
- **First Instalment:** 40% of the total budget (After 50% work report before deployment)
- **Final instalment:** 20% of the total budget (After 100% work report before deployment)

Additional Notes:

- **Timeline:** The provided timeline is an estimate and may change based on project complexity and feedback.
- **Validity:** This quotation is valid for 20 days from the date of issuance.
- **Maintenance Support: 3 months of free maintenance support** after project development. After this period, support services will be available at a monthly charge, determined after consultation with the client. Here, maintenance means bug fixes and technical assistance to ensure your project runs smoothly.
- **Revisions:** We offer 2 free revisions as part of the project development. Any revisions beyond these will incur additional charges. Revisions do not include a complete redesign of the project under any circumstances.

NOTE: The budget is negotiable. Please contact our team for further negotiation.

Thank you for considering DataPollex for your project. We look forward to the opportunity to work together.

Rezowan Sifat
